

# 2021 TSANZ Postgraduate Course

Virtual

Saturday 13 March 2021

| <b>Session 1: Immunological Challenges</b>    |   |   |
|---|---|---|
|   | <b>SESSION CHAIR</b>  | Chien-Li Holmes-Liew and Griffith Perkins |
| <b>1000 – 1015</b>                            | Welcome   | Chien-Li Holmes-Liew/<br>Andrea Viecelli  |
| <b>1015 – 1100</b>                            | FSGS disease recurrence post-transplant   | Anna Francis                              |
| <b>1100 – 1145</b>                            | The spectrum of AMR:<br>- Diagnosing and treating AMR in lung transplant recipients<br>- Understanding revised Banff criteria for ABMR: clinical significance | Greg Snell<br>Brian Nankivell             |
| <b>1145 – 1200</b>                            | <b>Break</b>  |   |
| <b>Session 2: Pre-Transplantation Issues</b>  |   |   |
|   | <b>SESSION CHAIR</b>  | Andrea Viecelli and Georgina Irish        |
| <b>1200 – 1230</b>                            | Acceptance of “marginal” living and deceased donors for transplantation (case-based)  | Toby Coates                               |
| <b>1230 – 1300</b>                            | Medical and surgical suitability of high-risk recipients for transplantation (case-based)   | Maleeka Ladhani<br>Christine Russell      |
| <b>1300 – 1330</b>                            | OrganMatch + immunological risk assessment  | Rob Carroll                               |
| <b>1330 – 1400</b>                            | <b>Break</b>  |   |
| <b>Session 3: Peri-Transplantation Issues</b> |   |   |
|   | <b>SESSION CHAIR</b>  | James Edwards and Chien-Li Holmes-Liew    |
| <b>1400 – 1430</b>                            | Surgical issues in thoracic transplantation<br>Surgical issues in abdominal transplantation   | David McGiffin<br>Christine Russell       |
|   |   |   |
| <b>1430 – 1510</b>                            | Protocol biopsy to do or not to do: does it change treatment? - Debate  | John Kanellis vs<br>Randall Faull         |
| <b>1510 – 1540</b>                            | Hot research topics   | Dev Jegatheesan                           |
| <b>1540 – 1600</b>                            | <b>Break</b>  |   |
| <b>Session 4: Post-Transplantation Issues</b> |   |   |
|   | <b>SESSION CHAIR</b>  | Andrea Viecelli and Eric Au               |

|                    |   |                                     |
|--------------------|---|-------------------------------------|
| <b>1600 – 1630</b> | Understanding alloimmunity in transplantation: the emerging role of cell therapy                              | Megan Levings – BC Canada (Fri 9pm) |
| <b>1630– 1710</b>  | Screening and treatment of cancers post-transplantation: what clinicians need to know                         | Angela Webster                      |
| <b>1710 – 1750</b> | Post-transplant viral infections: <ul style="list-style-type: none"> <li>- CMV</li> <li>- BK virus</li> </ul> | Chien-Li Holmes-Liew<br>Nikky Isbel |
