National Convention Centre Canberra   Preliminary Program   Preliminary Pressor Cameron Wolfe   Professor Cameron Wolfe   Prof						
Preliminary Program   Friday 20th June 2025		2025 Transplant Infectious Diseases Day				
Chair: Dr Lana Sundac and Dr Peter Boan    Block 1: The nuts and bolts of the donation process in Australia   Op. 200-20:05 Welcome   A/Prof Helen Opdam   Op. 200-20:05 Welcome   Op. 205-20:045 The electronic donor record   Op. 205-20:045 The electronic donor record   Op. 205-20:045 The electronic donor record   Op. 45: 10:05 The pitfalls that microbiology lab wants you to know about testing of donors   Op. 46: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor   Op. 40: 10:05-10:40 Interactive session: when donor infection session and avoiding missed opportunities   11:01-11:40 Interactive session: Specific challenging scenarios and avoiding missed opportunities   Op. 40: 10:10-10:40 Interactive session: when donors with infections and avoiding missed opportunities   Op. 40: 10:10-10:40 Interactive session: when donors with infections syndromes at time of donation   Op. 40: 10:10-10:40 Interactive value valu						
Chair: Dr Lana Sundac and Dr Peter Boan						
Block 1: The nuts and bolts of the donation process in Australia  09:00-90:05 Welcome  09:05-90:25 Overview of the organ donation process relevant to infectious diseases  09:00 - 10:40  09:05-90:25 Overview of the organ donation process relevant to infectious diseases  09:00 - 10:40  09:45-10:05 The pitfalls that microbiology lab wants you to know about testing of donors  10:05-10-40 Interactive session: when donor infection testing impacts the decision to accept a donor  Or Robit D'Costa, Victoria Donate Life  Or Rebecca Davis  A/Prof Helen Opdam Dr Rohit D'Costa Dr Rebecca Davis  A/Prof Helen Opdam Dr Rohit D'Costa Dr Rebecca Davis Professor Cameron Wolfe  Chair: Dr Bradley Gardiner and Dr Rebekah Lane  Block 2: The donor: Specific challenging scenarios and avoiding missed opportunities 11:10-11:40 Blood borner viruses and organ donation, where are we in 205?  11:40-12:40 Panel discussion: donors with infectious syndromes at time of donation  Professor Cameron Wolfe Dr Annalises van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1 x transplant consumer  Chair: Dr Tina Marinelli and Dr Beatrice Sim Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk? 14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver  13:40-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthit Viewni Dr Garbam Starkey Dr Kanthit Viewni Dr Graham Starkey Dr Kanthit Viewni Dr Graham Starkey Dr Kanthit Viewni Dr Matthew Roberts						
09:00-09:05 Welcome  09:05-09:25 Overview of the organ donation process relevant to infectious diseases 09:05-09:25 Overview of the organ donation process relevant to infectious diseases 09:35-309:45 The electronic donor record 09:45-10:05 The pitfalls that microbiology lab wants you to know about testing of donors  10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor Dr Robit D'Costa Dr Robecca Davis Professor Cameron Wolfe  Chair: Dr Bradley Gardiner and Dr Rebekah Lane  Block 2:: The donor: Specific challenging scenarios and avoiding missed opportunities 11:01-11:40 Blood borne viruses and organ donation, where are we in 2025? 11:40-12:00 Infection risks specific to potential Australian organ donors  11:10-12:40  12:00-12:40 Panel discussion: donors with infectious syndromes at time of donation Professor Cameron Wolfe Dr Annalises van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1: 40-13:40  Chair: Dr Tina Marinelli and Dr Beatrice Sim Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my paterix What is their infection risks 14:40-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver  Heart  13:40-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing Dr Chandima Divithotawela A/Prof Ross Francis Dr Chandman Di			Dr Peter Boan and Dr Tina			
09:00 - 10:40 09:45 The electronic donor record Donate Life Dr Robit D'Costa, Victoria Donate Life Dr Rebecca Davis  10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Annaliese van Dieman Dr Robit Dr Robit D'Costa Dr Robit D'Costa Dr Rebecca Davis Professor Cameron Wolfe Dr Annaliese van Dieman Professor Cameron Wolfe Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Oilvia Smibert Dr National Divide Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Oilvia Smibert Dr National Divide Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Oilvia Smibert Dr National Divide Dr Chandima Divide Dr Chandina Divide Dr Chandima Divide Dr Chandina Divi						
10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor  10:40-11:10  Morning Tea  Chair: Dr Bradley Gardiner and Dr Rebekah Lane  Block 2: The donor: Specific challenging scenarios and avoiding missed opportunities 11:10-11:40 Blood borne viruses and organ donation, where are we in 2025? 11:40-12:00 Infection risks specific to potential Australian organ donors  12:40-12:40 Panel discussion: donors with infectious syndromes at time of donation  Chair: Dr Tina Marinelli and Dr Beatrice Sim  Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk? 14:40-15:40  Block 3: Recipient: organ specific practices and procedures that impact infection Lung Kidney Liver  13:40-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  15:00-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  15:00-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri			Dr Rohit D'Costa, Victoria			
Dr Rohit D'Costa Dr Rebecca Davis Professor Cameron Wolfe  Chair: Dr Bradley Gardiner and Dr Rebekah Lane  Block 2: The donor: Specific challenging scenarios and avoiding missed opportunities 11:10-11:40 Blood borne viruses and organ donation, where are we in 2025? 11:40-12:00 Infection risks specific to potential Australian organ donors  11:10-12:40  12:00-12:40 Panel discussion: donors with infectious syndromes at time of donation  Professor Cameron Wolfe Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1 x transplant consumer  Chair: Dr Tina Marinelli and Dr Beatrice Sim Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk? Dr Matthew Roberts  Dr Chandima Divithotawela A/Prof Ross Francis Dr Crandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Professor Cameron Wolfe Dr Annaliese van Dieman Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Chandima Divithotawela A/Prof Ross Francis Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts	09:00 - 10:40	09:45-10:05 The pitfalls that microbiology lab wants you to know about testing of donors	Dr Rebecca Davis			
Chair: Dr Bradley Gardiner and Dr Rebekah Lane   Block 2: The donor: Specific challenging scenarios and avoiding missed opportunities   11:10-11:40 Blood borne viruses and organ donation, where are we in 2025?   Dr Annalises van Dieman   Dr Annalises van Dieman   Dr Annalises van Dieman   Dr Annalises van Dieman   Professor Cameron Wolfe   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr David Darley   Dr Olivia Smilbert   Dr Annalises van Dieman   Professor Kate Wyburn   Dr Antithew Roberts   Dr Matthew Roberts   Dr Annalises van Dieman   Dr Chandima Divithotawela   A/Prof Ross Francis   Dr Chandima Divithotawela   A/Prof Ross Francis   Dr Graham Starkey   Dr Kanthi Vemuri   Professor Cameron Wolfe   Dr Chandima Divithotawela   A/Prof Ross Francis   Dr Chandima Divithotawela   A/Prof Ross Francis   Dr Graham Starkey   Dr Kanthi Vemuri   Dr Matthew Roberts   Dr Kanthi Vemuri   Dr Matt		10:05-10:40 Interactive session: when donor infection testing impacts the decision to accept a donor	Dr Rohit D'Costa Dr Rebecca Davis			
Block 2: : The donor: Specific challenging scenarios and avoiding missed opportunities 11:10-11:40 Blood borne viruses and organ donation, where are we in 2025? 11:40-12:00 Infection risks specific to potential Australian organ donors  12:00-12:40 Panel discussion: donors with infectious syndromes at time of donation  Professor Cameron Wolfe Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1 x transplant consumer  Chair: Dr Tina Marinelli and Dr Beatrice Sim  Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk?  Dr Matthew Roberts  Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  13:40-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  Dr Graham Starkey Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts	10:40-11:10	Morning Tea				
11:10-12:40 Blood borne viruses and organ donation, where are we in 2025? 11:40-12:00 Infection risks specific to potential Australian organ donors  12:00-12:40 Panel discussion: donors with infectious syndromes at time of donation  12:00-12:40 Panel discussion: donors with infectious syndromes at time of donation  Professor Cameron Wolfe Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1 x transplant consumer  12:40-13:40  Chair: Dr Tina Marinelli and Dr Beatrice Sim  Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk?  14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver Heart  Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts		Chair: Dr Bradley Gardiner and Dr Rebekah Lane				
Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert 1 x transplant consumer  12:40-13:40  Chair: Dr Tina Marinelli and Dr Beatrice Sim  Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk? Dr Matthew Roberts  14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver Heart  Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts		11:10-11:40 Blood borne viruses and organ donation, where are we in 2025?				
Chair: Dr Tina Marinelli and Dr Beatrice Sim  Block 3: Recipient: the interplay between organ transplant and infections  13:40-14:00 How immunosuppressed is my patient? What is their infection risk?  14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection  Lung  Kidney  Liver  Heart  Dr Chandima Divithotawela  A/Prof Ross Francis  Dr Graham Starkey  Dr Graham Starkey  Dr Kanthi Vemuri  Professor Cameron Wolfe  Dr Chandima Divithotawela  A/Prof Ross Francis  Dr Kanthi Vemuri  Professor Cameron Wolfe  Dr Chandima Divithotawela  A/Prof Ross Francis  Dr Graham Starkey  Dr Kanthi Vemuri  Dr Matthew Roberts	11:10-12:40	12:00-12:40 <b>Panel discussion</b> : donors with infectious syndromes at time of donation	Dr Annaliese van Dieman Professor Kate Wyburn Dr David Darley Dr Olivia Smibert			
Block 3: Recipient: the interplay between organ transplant and infections 13:40-14:00 How immunosuppressed is my patient? What is their infection risk?  14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver Heart  Dr Graham Starkey Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts	12:40-13:40	Lunch				
13:40-14:00 How immunosuppressed is my patient? What is their infection risk? 14:00-15:00 Rapid fire updates: organ specific practices and procedures that impact infection Lung Kidney Liver Heart  13:40-15:40  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts	Chair: Dr Tina Marinelli and Dr Beatrice Sim					
Lung Kidney Liver Heart  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri  Professor Cameron Wolfe Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri Dr Matthew Roberts	13:40-15:40	13:40-14:00 How immunosuppressed is my patient? What is their infection risk?	Dr Matthew Roberts			
Dr Chandima Divithotawela 15:00-15:40 Panel discussion: Recipients with active infections at the time of transplant/listing  A/Prof Ross Francis  Dr Graham Starkey  Dr Kanthi Vemuri  Dr Matthew Roberts		Lung Kidney Liver	A/Prof Ross Francis Dr Graham Starkey			
15:40-16:10 Afternoon Tea		15:00-15:40 <b>Panel discussion</b> : Recipients with active infections at the time of transplant/listing	Dr Chandima Divithotawela A/Prof Ross Francis Dr Graham Starkey Dr Kanthi Vemuri			
	15:40-16:10	Afternoon Tea				

Chair: Dr Peter Boan and Dr Priya Garg			
	Block 4: Bringing it all together 16:10-16:30 The ANZDATA experience	Dr Georgina Irish	
16:10-17:00	16:30-16:50 <b>Panel discussion</b> : Where to from here? How do we design a system to collect data in Australia and NZ on donor and recipient infections?	Professor Cameron Wolfe A/Prof Helen Opdam Prof Chien Li Holmes-Liew Dr Olivia Smibert	
	16:50-17:00 Wrap up and thanks	Dr Georgina Irish Dr Peter Boan and Dr Tina Marinelli	
17:00-19:00	Social function: Drinks and canapes at the venue
