Soild Organ Transplant Symposium – Cardiac	Sunday 25 July	GCCEC

About Us

TSANZ is the peak representative body of transplantation professionals in Australia and New Zealand and is a registered charity. It aims to promote research, best clinical practice and advocacy to improve outcomes and increase access to organ transplantation in both countries.

The Society seeks to understand issues in transplantation including issues which determine access to organ transplantation.

The Society brings together transplantation professionals in medicine and science, donation sector and allied health that share common ideals and principles.

TSANZ fosters and promotes a culture that supports high-quality scientific research and education in solid and non-solid organ transplantation, encompassing research in the broad areas of Basic Science, Clinical Medicine, Immunology, Epidemiology and Surgery.

The TSANZ endorses the Declaration of Istanbul on Organ Trafficking and Transplantation Tourism and supports the principles of the Helsinki Declaration on Scientific research.

Our Meetings

Annual Scientific Meeting (ASM) **Sunday 25th July to 27th July 2027** **GCCEC**	The 45th TSANZ ASM promises to deliver a cutting-edge program, focusing on the latest research and clinical developments in transplantation and donation. Aimed at benefiting all involved in the sector, including trainees, allied health professionals, clinical specialists, researchers and scientists. We are delighted to feature local speakers and international keynote guests, and provide a forum for collaboration, collegiality and continued advancements in the patient care. The event is always a highlight for the transplantation and donation sector in Australia and New Zealand and will be held on the Gold Coast over 2.5 days.
Combined TSANZ and APHIA HLA Day **Friday 23rd July 2027** **Sofitel, Broadbeach**	Following the success of the 2023 TSANZ HLA Day, TSANZ and APHIA are partnering to co-host the 2027 HLA Day, creating a collaborative forum for transplant clinicians, HLA scientists and basic science researchers. The program will blend education with leading-edge science, highlighting advances in histocompatibility and immunogenetics and their relevance to transplantation practice. Scheduled immediately before the TSANZ Annual Scientific Meeting (ASM), the face-to-face meeting offers valuable opportunities for networking, collaboration and shared learning across the sector.
Frontiers and Challenges in Transplantation Update Course (FACT) **Saturday 24th July 2027** **Sofitel Broadbeach**	An engaging and wide-ranging update course for all transplant clinicians and trainees, scientists and researchers. Featuring basic science and cutting-edge advances in transplant immunology through to clinical conundrums, including contemporary approaches to challenges in transplant patient management, immunosuppression and infectious sequalae. This replaces the previous post-graduate and masterclass sessions and runs from 8am to 5pm.
Solid Organ Transplant Symposium – Liver **Saturday 24th 2027** **Sofitel, Broadbeach** **Sunday 25th July 2027** **GCCEC**	The Liver Transplant Symposium has a longstanding history within the liver transplant community of Australia and New Zealand, running for over 20 years. It is the only annual event in Australia that brings together leading liver transplant surgeons, hepatologists, anaesthetists, nurse coordinators, and allied support teams. This symposium offers a rare and valuable opportunity for your team to engage with this expert group. The program is held over 2 days, commencing 11 am on Saturday, to 2:30 pm on Sunday.
Solid Organ Transplant Symposium – Kidney and Pancreas-Islet **Sunday 25th July 2027** **GCCEC**	Led jointly by the TSANZ Renal Transplant and the Pancreas-Islet Transplant Advisory Committees, these sessions will provide an opportunity for in depth updates, discussion and debate on evolving practice. To be held from 9.30 am to 2.30 pm.
Solid Organ Transplant Symposium – Cardiac **Sunday 25th July 2027** **GCCEC**	Led by the TSANZ Cardiac Transplant Advisory Committees, this program will consist of both combined and concurrent sessions, covering evolving clinical practice challenges, and promoting discussion and debate. To be held from 9.30 am to 2.30 pm.

Venues

Gold Coast Convention and Exhibition Centre (GCCEC)

At the heart of Broadbeach, the Gold Coast Convention and Exhibition Centre (GCCEC) stands as a masterpiece of architectural innovation. The spaces, designed for a diverse array of events, including national and international conferences, meetings, exhibitions, gala dinners, concerts and sporting events, ensure each experience is executed to perfection, providing each attendee with the best seat in the house. GCCEC is as ground-breaking in design as it is inspiring in its capabilities.

Sofitel Gold Coast Broadbeach

Mere steps from the beach, focused on sophisticated dining experiences, you'll find Sofitel Gold Coast Broadbeach, one of the best 5-star hotels on the glittering Gold Coast.

A dynamic combination of vibrant surf culture and exclusive indulgence, Sofitel Gold Coast Broadbeach offers seaside sophistication, Parisian passion, elite Australian flair and a commitment to sustainability. All in sumptuous surroundings where cosmopolitan glamour meets the carefree waterfront lifestyle of Broadbeach.

Thank you

Thank you for taking the time to consider the possibilities the 45th TSANZ Annual Scientific Meeting has to offer.

We hope that you find value in the opportunities that are available, and we look forward to welcoming you in 2027.
